The hourly rate is based on the agreements which are made with the Parents' association and the parents. Periodically these agreements will be discussed and possibly changes will follow. For more information related to changes of appointments and the input of the parents and Parents' association please refer to the [regulations](#). Would you like to know more about the [Parents' association](#), please contact oc@unikids.nl.

Opening times

The daycare centre is open all year, except for recognised national Dutch holidays. Opening times are Monday to Friday from 7:00-18.30. The regular opening of the nursery is from 7:30, on request it is possible to get childcare from 7.00 in the morning.

For more information related to opening times, drop off and collection times and our flexible way of changing days, please refer to the [regulations](#).

Day sessions

Within the daycare is counted with half-day sessions for the care of your child. One session is equivalent to 5,5 hours what means a half day of providing childcare.

Half-day care afternoon	(1 day session):	7.30-13.00
Half-day care morning	(1 day session):	13.00-18.30
Full-day care	(2 day sessions):	7.30-18.30

At noon, it is possible to receive half an hour or one hour of extended care. This can be up to 1 hour after a morning session or 1 hour before an afternoon session.

In addition, the possibility exists to take half an hour extra childcare before the morning half-day session begins, the nursery will then open from 7.00 in the morning. This is available on request.

Minimum amount

The minimum amount of daycare offered per week is 2 half-day sessions. The half-day sessions do not have to be consecutive and may be divided per week.

Flexible contracts

There are several ways to convert your half-day sessions for the care of your child. In the sample calculations in this pricelist there are processed a number of possibilities, Unikids 2.0 Daycare strives for flexibility in required childcare. Contracts are flexible to fit and should not be an obstacle for the care of your child.

Hourly rate

We operate an hourly rate of €7,38, it is among other things included: food, drinks and diapers. The hourly rate applies to all forms of contracts in the nursery. The complete list of what is included in the hourly rate can be found in the regulations. See also the costs and sample calculation in this list how the invoice is created.

Billing

You will receive an invoice every first of the month for the month in question. The amount will be calculated on the contractual to take off half-day sessions and any additional half-days per quarter. For further information about the costs we refer to the cost statement and the example calculation within this pricelist.

Childcare Allowance

The support from the childcare allowance is not included in this price list, the childcare allowance has many dependencies. Do you want to know whether you are entitled to childcare allowance, please check [charges tax authority for child care](#).

CHILDCARE ALLOWANCE

We have a single hourly rate for all type of contracts as 52 weeks, 40,41,42 .. weeks, an extra day etc. The following table gives you an overview of the costs for the number of half-day sessions, which you wish to purchase for the care of your child per week. The support from the childcare allowance is not included in this table. The hourly rate at our nursery is lower than the maximum hourly rate supported from the childcare allowance, which means that our costs are within the support of the childcare allowance (2021 - €8,46 hour rate) and no extra parental contribution is needed.
